SUMMARY

Full Stack Developer building scalable web applications and real-world systems using React, Node.js, and PostgreSQL. Developed Skillnox, a secure assessment platform used by 250+ students, focusing on performance, security, and system design.

PROJECT

Skillnox & Skillnox AI (Assessment & AI Interview Platform)

SELF BUILD • September 2025 - December 2025

- Developed Skillnox, a full-stack assessment platform used by 200+ students for coding and aptitude evaluations.
- Implemented real-time evaluation, leaderboards, and anti-cheating mechanisms, improving assessment efficiency by ~60%.
- Built a scalable backend using Node.js and PostgreSQL, supporting 250+ concurrent users and thousands of real-time events.
- Extended the platform into Skillnox AI, an AI-powered mock interview system with resume scoring and automated feedback.
- Designed interview simulations processing 50+ mock interviews, evaluating technical and communication skills in real time.
- Implemented AI-driven feedback and scoring, reducing manual evaluation effort by ~70% and improving candidate readiness.

Student connect

Self Build • studentconnect-sjc1.onrender.com/ • February 2026 - February 2026

- Developed a full-stack student collaboration platform during a hackathon, securing 3rd prize.
- Enabled students to connect, share resources, and collaborate on projects.
- Built the application using Django and PostgreSQL with a responsive frontend design.
- Deployed the platform to handle real-time user interactions efficiently.

PERSONAL PORTFOLIO

SELF BUILD • surendravarikallu.dev/ • August 2025 - September 2025

- Built a personal developer portfolio using Next.js, showcasing projects, skills, and real-world systems.
- Implemented modern UI/UX with smooth animations, 3D elements, and fully responsive design across devices.
- Optimized performance and SEO to improve load speed and search visibility.
- Deployed the application on a custom domain with production-ready configuration for scalability and accessibility.

EXPERIENCE

Google Student Ambassador

Google **July 2025 - December 2025, Gurgaon, India**

- Led and organized 7+ technical workshops on Google technologies, engaging 300+ students.
- Built and managed a student developer community of 150+ active members.
- Increased participation in Google programs by 50% through outreach and engagement initiatives.
- Mentored students on learning paths, certifications, and technical skill development.

FULL STACK INTERN

COGNIFYZ TECHNOLOGIES **June 2025 - July 2025, REMOTE**

- Developed full-stack web applications using React, Node.js, and Express, improving workflow efficiency by ~30%.
- Integrated REST APIs and optimized frontend-backend communication, reducing response time by ~25%.
- Automated repetitive processes, reducing manual effort by ~40% and improving overall system responsiveness.

WEB DEVELOPMENT INTERN

CODEGNAN **May 2025 - June 2025, VIJAYAWADA**

- Built responsive web applications using HTML, CSS, JavaScript, and Bootstrap, improving cross-device compatibility by ~30%.
- Optimized UI/UX and frontend performance, reducing page load time by ~20% and enhancing user experience.
- Developed mobile-friendly interfaces, ensuring consistent performance across 10+ device screen sizes.

SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript, HTML, CSS

Backend: Node.js, Express.js, Python , Django

Database: PostgreSQL, MySQL, Firebase

Tools: Git, Docker, CI/CD, Vercel , Postman, Linux

Concepts: REST APIs, System Design, SDLC, OOP, Debugging, Authentication, Security

CERTIFICATIONS

Google Student Ambassador
GOOGLE • 2025

- Selected as a campus ambassador to conduct technical workshops, mentor students, and promote Google technologies, impacting 300+ students.

Hackathon 3rd Prize – StudentConnect
KITS AKSHAR INSTITUTE OF TECHNOLOGY • 2026

- Built a full-stack student collaboration platform in a competitive hackathon environment, demonstrating rapid development and problem-solving skills.

HackerRank SQL Certification
HackerRank • 2025

- Validated SQL and database query skills through hands-on problem solving.

EDUCATION

B.TECH
Minor in COMPUTER SCIENCE • KITS AKSHAR INSTITUTE OF TECHNOLOGY • GUNTUR, ANDHRA PRADESH • 2027 • 8.3 CGPA

INTERMEDIATE
NRI SAI JUNIOR COLLEGE • GUNTUR, ANDHRA PRADESH • 2023
